TRANSTONATIONS September 23rd 2023

- *six artists and one etude*

Challenged by German artist/curator Tanja Isbarn, six international artists will reflect with image and sound on Étude #5 by Argentinian composer Astor Piazzolla. Some of Isbarn's own works will also be exhibited.

We are delighted to invite you to the festive opening of this exceptional exhibition – on which the artists will be present too – on Saturday September 23rd. The opening will be at 3 p.m. with an introduction by Tanja Isbarn, followed by a brief discourse by Eglé Kryžanauskaitė, graduate at Groningen University and interested in the question how younger generations involved in creating culture. After the lecture there will be the opportunity to meet the artists and to visit the exhibition. Please, bring along your mobile (with QR-scanner and ear plugs) for the optimal experience of Entrop's work.

The afternoon ends with a performance – organized by art platform Perifeer – by sound artist Simon Whetham. His performance will be held in MIMIK, our cultural neighbour at Nieuwe Markt.
